

DHEERAJ R

Engineer | SDM INSTITUTE OF TECHNOLOGY UJIRE(DK)
+91 8867036163 | dheeraj.daivik2004@gmail.com | LinkedIn | GitHub | Twitter

Passionate about front-end web development with a strong focus on creating user-friendly designs. Eager to expand my skills by learning new coding languages and modern technologies. Excited to grow in back-end development and strengthen my full-stack expertise. Highly motivated to take on new challenges and thrive in the dynamic tech industry.

EDUCATION

Little Lillys English school — 10TH	May 2019 – Jun 2020
Sri Chaitanya pu college Sheshadripuram — 12TH/PUC Bengaluru	Apr 2021 – May 2022
SDM INSTITUTE OF TECHNOLOGY UJIRE(DK) — ENGINEERING	Aug 2022 – Present

PROJECTS

— <i>Resume parser</i>	May 2024 – Oct 2024
• Built a resume parser application that extracts key candidate information (name, contact details, skills, education, and experience) from PDF/DOCX files.	
• Implemented Natural Language Processing (NLP) techniques for accurate information extraction.	
• Designed a structured output format (JSON/Database) to enable easy integration with recruitment systems.	
• Enhanced parsing accuracy using regex patterns, entity recognition, and text preprocessing methods.	
— <i>Trustworthy Ai driven cyberattack detection</i>	Dec 2024 – Present
• Developed a real-time cyberattack detection system leveraging AI/ML models to identify anomalies and malicious activities in network traffic.	
• Implemented trustworthy AI principles such as transparency, explainability, and reliability to ensure secure and ethical detection.	
• Built an interactive dashboard (React + Node.js + Python) for real-time monitoring, visualization, and alerting of security threats.	
• Integrated with databases and APIs to store, analyze, and present attack patterns with detailed analytics. Enhanced detection accuracy using machine learning algorithms (classification & anomaly detection) with high precision and recall.	

SKILLS

- HTML5
- CSS3
- JavaScript
- React.js
- Java
- python

CERTIFICATIONS

Java — Rinex Bengaluru	<i>Dec 2023 – Jan 2024</i>
Web development — EduVetha Bengaluru	<i>Oct 2023 – Dec 2023</i>
full stack web development — SDM INSTITUTE OF TECHNOLOGY ujire ,karnataka	<i>Oct 2024 – Oct 2024</i>
Infosys Spring board — SDM INSTITUTE OF TECHNOLOGY ujire ,karnataka	<i>Oct 2024 – Nov 2024</i>
